Acapulco

The pearl on the Pacific with soothing sugar beaches. It's dangerous, this city. Murders in the streets at the hands of drug cartels, parallel justice, a powerless government. Oh, this city used to be a promise! How many times have we jumped from the cliffs into the blue bay there? We commemorate the old and shiny times with gentle savors of pineapple and grapefruit: Shiazo Acapulco.

Banana

Aren't we all bit bananas? Yeah! The yellow paradise fruit has nearly 50% identical genetic material with ours. But besides that, we recommend Shiazo Banana mainly because of its heady taste. Having a burly and rich aroma, this sort conveys a sensual and soft vape experience. Come on, let's go for a spin on the banana bubble boat.

Cola

The Coke is the head girl among the soft drinks. She enters the stage confidently, is quick-witted and charming. She can mingle well with the crowd and cuts a good figure alone. Her secret of success in our stones is the aroma of cola nut, bitter orange, lemon, cinnamon, coriander, nutmeg and vanilla. Our tip: Let her dance with Shiazo Cherry.

Unfortunately, most dragons have been extinct for ages, apart from some extraordinarily well camouflaged mothers in law. The botanic descendant however is as fresh as a daisy and captivates us by its unique taste, which we've swiftly put into Shiazo Dragonfruit. Do it like a dragon and blow off steam.

He turned the water into wine. Even Jesus is a huge fan of Shiazo Green Grape. No surprise, since it is one of the oldest and sexiest stimulants in the history of mankind.
